My own acount on Gan[illegible] Zephier

M. Cumiskey

Be pleased o god to guide me wright
from errors wicked way
from envey and Malishesness
o lord deliver me Nover 21.

Sometimes His wicked heart of mine
is very much inclind
to look at troubles very small
and at them for to shine June 29

tis now i see His more clear
i am sure it is very vain
to harbour envey in my heart
against my Yellow man

Sater 25 blowing fresh from S S E with heavy squalls and rain boiling at times

Sund 26 blowing fresh from S S E with rain still boiling out

Monda 27 At 4 A M got through boiling weather being pleasant saw nothing

Tues Very pleasant saw nothing

July the 29 on Japan Lat 30 00 Lon 156-00

Wedns the 29 this day being very pleasant stowed down the oil 80 bbls saw blackfis and

Thurs the 30 fine pleasant breese from the East
Latgast 28 1
Satd the 1 had fresh gales from the East with rain saw some finbacks
Lat 25-12 Long 158 00

Sunday the 2 this Lords day we have strong gales from the SE and squalls Lat 28 32
Len

the times and seasons alters now
we see them every day
the all wise power has willed it so
for ever more to be

Wedns the 5 fine pleasant breases from the E-at daylight saw 10 whales got breakfast on board the waist boat got fast and got stove so she sunk the Labat boat took him up and the bow boat gave chase got up to him and put a sky light iron so we came aboard the whales have gon to the Eastward
Lat 31-21 N Long 159-30 East

Thurs the 6 this day we have strong gales from the SE-employed mending boat

Frid the 7 the gale continues with plenty of rain under close reefed main topsail - Latter part the same

Sat the 8 the gale still continues blowing from SE with a heavy sea on Lat 30 2 N
Long 155 20

Sund the 9 At 6 A M more ship looking to the port sot the foresail a-lowing fresh from the East at 2 P M took in the foresail blowing hard from E by E
Lat 30-42 North Long 158-30 East

Mond the 10 the gale still continues to blow from the East with a heavy sea running under close reefed main topsail and fore and main spenecas saw rain
Lat 30-30 North Long 158 55 East

Lord how incorrect I am in the knowledge of my self and others. I resolve to do better in future and amend those errors I discover in my conduct and manners. Grant me this O Lord for Jesus sake and keep me from all temptations and dangers this day and ever more Amen

+ To pray

August the 11 on Japan in the L 29-57 L. 158-03

Tues the 11 monday night it blowed very hard from S E
this morning the squalls are very heavy with rain
the wind to the S E which has raised a very
heavy sea about 4 P M began to moderate
more moderat thought the night more ship took
in the boom boat

Wednes the 12 this mornin is squalley wind to
the S.W are steering East latter part
pleasant with day sail out saw nothing
Lat 29-57 N Long 158-03 East

Thurs the 13 this was a very pleasant day, wind from the
S E steering to the E saw son jumpers and porpoes
Inmediate Lat just peggys -
Lat 30-40 - Long 158-45 East

Fri the 14 Strong breezes all this day from East

Sate the 15 this day with fresh of boyg and
rain saw son jumpers nin. East ship
peding S E - Lat 3615 Long 159-30 East

Sunday the 16 this Lords day we have a strong breeze from
the East still going to the S E - and at 10 A M -
saw an English ship past to the leward - going
to the S E - Lat 2950 N Long 159 40 East

Monday the 17 blowing strong from E, N, E are
peding to the East under dubble reft topsails

Tues the 18 this day it is blowing hard from
S E - Laying to under close reped main topsail
Lat 28-00 N Long 159 30 East

Wedns the 19 this day we have a taught gale from
S E - about 1 P M sat dubble reft topsails
more latter part more moderat peding East
Lat 27-24 North Long 160 44 East

Thurs the 20 in the morning it was pleasan wind
from N E. at 9 A M saw a ship of the Lee bow
at 6 A M were ship peding to N E -
Lat Long

Fryd the 21 pleasant day wind N E peding
S W to sail in sight of the Lee saw nothing
more unbent our main topsail and replace it
Mears one of our number sick may the Lord heal him
Lat 25-30 N Long 160 08 East

November th 7 At anchor at the Island of

Monday - this sabbath had preaching from Mr Baldwin from the 3 chapter of Michia and the Lord hath a controversy with his people it is good for us to go to the house of the Lord

the Ship Magnet came in to day
the Ship Daniel Webster also

th 8 st georg and th Emerald and
George and Mary and Courier
and abigal went out

Mond th 9 this was a very pleasant day
in mowed I Employed fitting ship for
sea all hands aboard
Tues th 9 this morning we have a light
breeze from the east about 7 took the
anchor and made sail for Hoaho
the Kingston and go John Coghill went
also about 1 P M took the trade
winds
Weds th 10 run under low for weather with
a very light breeze Lat 4 P M -
the Captain went astore -

Thurs th 11, About 12 at noon the boat came
off and went astore again ship off and
on
Frid th 12 A C this day blowin strong
about 2 P M the boat came from
Shore two men short got one
the Ship Gloucester of boston in here
with a general cargo for boston she
took fire between decks when going
to sea she was hauled in to the
wharf and got a small Engine which
put it out damages seen of the golden
moss and burnt three beams and the
deck about 20 foot it will detain her
the William gray is bound for boston
with a general cargo also the Jane of
Boston is coppering about 3 P M the
captain came aboard we left one man
the Phenix in off and all also
put off to go round harbors point

November ye 13 in sight of oahu Lat 22-20
this day blowing fresh from E N E-
steady we stood North with all sail out
this hole day Sabbath we are all clear
from land being in pretty good heart
for clearing port which is the blessing
of god to us sinners the wind is blowing
from N E- we are bound to North
Lat 23 50 North and Long. 157 34- West

Mond ye 15 all this 24 hours blowing
fresh from E N E under topsail and
courses steered North

Tues ye 16 this 24 hours moderat breze from
E by N E- saw nothing
Weds ye 17 blowing strong from N E saw nothing

Thurs ye 18 all this day wind from the East
saw two ships heding to the North with all
sail out & saw plenty of Squid and
som black-fish this was a verey pleasnt
day Lat 30-54 N Longit 157-15 West
this day we are 8 34 day from annaroa
with 17 hundred barrels of sperm oil

Frid ye 19 fine and pleasant breze from
N E with all sail out cours being E by N
exchanged signals with the Sara frances and
the John Coffin saw nothing more still
employed fitting the boats and painting
Lat 31-10 North

Satur ye 20 We have a fine and pleasant breze
from N E by E- with all sail heding E by N
Lat 32-48-1' Long 157-29 West-
Spoke the Ship Sara frances and the livingston
the gohn Coffin was in sight also-

This Lords day being in Lat 32-48 North
and being 8 77 days from home in company
with 4 ships sail all bound to the East wind
wind from the South and verey pleasant
saw som black fish.

Mond ye 22 fine and pleasant breze
from the South about 8 A M saw a body
of sperm whales thar was two sail in sight
about 2 P M lowerd three boat the Labert
boat struck and got stove the whales

November the 22 in Lat 32=4 N Long 152=4 West

they near large whales they brought to nise the waist boat struck and saved one the boat picked up the steven boat about 4 P.M got him along side there was plenty of killers among them

Tues the 23 this brings in strong from the S. more ship and but to the leward about 4 P.M got through latting began to boil

Wedns the 24 boiling all day blew a gale from the S, S W Lat 32=53 Long 150=40 W
